

Civil Engineer – Level 6

The entry requirements for the learning provider for this course are as follows:

Achievement following 2 years post 16 study will demonstrate the capacity to benefit from the course. Thus the equivalent of 2 A Levels at grade D (48 UCAS points) in a science and/or maths related subject is expected or the successful completion of the ECITB Level 3 Nuclear Engineering and Science Certificate, Diploma or Integrated Diploma at Pass grade or similar qualification. A HNC qualification within the Built Environment discipline group will provide entry to year 2 of the Foundation Degree. There is also a requirement for 5 GCSEs (including both mathematics and English at grade C or above) or equivalent experience for mature entry. Accreditation of prior learning and direct entrants into later years of the programme will be considered as appropriate, taking into account pre-requisite requirements for individual modules.
